## MATERIAL SAFETY DATA SHEET

PRODUCT IDENTIFICATION AND COMPANY  Issue Date 01.01.2020  Validity Period 3 years							
Validity Period 3 years							
, ,							
Product Name MITASU ATF III H Synthetic Blended							
Product Code MJ-321							
Mitasu Oil Corporation							
Producer 1-2-9, Nishi Shimbashi, Minato-Ku,Tokyo, 105-0003, Japan Tel: +81-3-5532-8187. Fax: +81-3-5532-8188 E-mail: info@mitasuoil.co.jp							
2. COMPOSITION							
Base Oil Content 82 - 92 %							
Additives Content 8 – 18 %							
3. HAZARDS IDENTIFICATION							
Human Health Product is not hazardous.							
Eye Contact Slightly irritant.							
Inhalation Repeated and prolonged over-exposure to oil mists may cause irritation or discomfort.							
Ingestion Minimal toxicity.							
Safety Hazards Not classified as flammable but will burn.							
Environmental Hazards Not readily biodegradable.							
FIRST AID							
Eye Contact Flush eyes with large amount of water until irritation subsides. If irritation persists, get medical attention.							
Skin Contact  Flush with large amount of water; use soap if available. Remove contaminated clothing. If irritation persists, get medical attention.							
Inhalation Remove to fresh air. If rapid recovery does not occur, get medical attention.							
Ingestion Do not induce vomiting. If rapid recovery does not occur, get medical attention.							
5. FIRE SAFETY							

	Flash Point		213	,C					
	Plash Point						11.		
	Flammable Limit	Not classified as flammable but will burn. Hazardous combustion products may include carbon monoxide, oxides of sulphur, and unidentified organic and inorganic compounds.							
	Autoignition Temp	>	310	°C					
	Specific Hazards	Not classified as flammable but will burn. Hazardous combustion products may include carbon monoxide, oxides of sulphur, and unidentified organic and inorganic compounds.							
	Fire Fighting	splat	Use dry chemical, foam or carbon dioxide to extinguish fire. Water may cause splattering or frothing. Use water to cool and protect fire-exposed material. Wear protective equipment during fire fighting.						
6.	ACCIDENTAL RELEAS	SE MI	EASUF	RES					
	Clean-up Procedure	gene	Stop the source of leak or release and contain spill if possible. Cover spill with generous amount of inert absorbent material such as sand or earth. Sweep up and remove to suitable, clearly marked containers for disposal in accordance with local regulati.						
7.	HANDLING AND STOR	RAGE	:						
<i>'</i> .	THAT DE THE PARTY OF THE		-	mno	ratur	ros should not over	od 7	'0°C Wear proper safety prote	activo
	Handling	equi	Handling temperatures should not exceed 70°C. Wear proper safety protective equipment. Wash hands thoroughly after handling. Water contamination and spillage should be avoided.						
	Storage	Storage temperatures should be maintained between 0 to 50°C. Odorous and toxic fumes may be evolved from decomposition of product if stored above the safe temperature.							
3.	EXPOSURE CONTROL	POSURE CONTROL/PERSONAL PROTECTION							
	Exposure Limits	Threshold Limit Values for oil mist is recommended to be controlled at 5 mg/m3 or lower for exposure of 8 hours daily.  Exhaust ventilation to keep below exposure limits.  Wear safety glasses or face shields if splashing is likely to occur.  Avoid repeated and prolonged contact with product. Use oil resistant gloves.						mended to be controlled at 5 r	ng/m3 or

	Pour Point	°C	D 97	-45							
10.	STABILITY AND REACTIVITY										
	Stability	Product is stable under normal use conditions.									
	Thermal Decomposition			s of sulphur and nitrogen and or en subject to heat or combustion							
	Hazardous Polymerisation	Will not occur unde	er normal conditions.								
	Incompatible Materials										
11.	TOXICOLOGICAL INFO	ORMATION									
	Basis	No toxicological data is available for this product. Information is provided based on the additives, other components and base stock used.									
	Acute Exposure Oral										
	Acute Exposure Skin	LD 50 expected to									
	Inhalation	Repeated or prolon	nged exposure to oil m	ed exposure to oil mists may cause irritation.							
	Eye Irritation	Slightly irritant.									
	Skin Irritation	Not a skin irritant unless repeated or prolonged contact.									
	Respiratory Irritation	Slight irritant.									
	Carcinogenicity	No data to suggest that product is carcinogenic.									
	Mutagenicity	No data to suggest that product is mutagenic.									
	Other Information	Brief contact with used oil is not expected to have serious effect in humans if the oil is removed thoroughly by washing with soap and water.									
		Used engine oils may contain harmful impurities that have accumulated during use. The concentration of such impurities will depend on use and they present risks to health and the environment on disposal. All used oils should be handled with caution.									
12.	ECOLOGICAL INFORM	I									
	Basis		is available for this proceed in the components and bas	roduct. Information is provided base stock used.	ased on						
	Mobility	Liquid under most environmental conditions. Floats on water. It is absorbed by soil and will not be mobile.									
	Persistence/ Degradability  Not readily biodegradable. Major constituents are expected to be inherently biodegradable, but the product contains components that may persist in the environment.										

	Bioaccumulation	Has the potential to bioaccumulate.							
	Ecotoxicity				ally non-toxic of aquatic orga	to aquatic organisms.	janisms.		
13.	DISPOSAL CONSIDERATION								
	Product Disposal	Used or waste oil should be recycled or disposed off in conformity to local disposal regulations. Contact local authorities for approved disposal contractor.							
	Container Disposal	properly di	Empty drums should be completely drained and sent to a drum reconditioner or properly disposed of. Non-reusable small containers should be recycled or disposed of. Ensure conformity to local disposal regulations.						
14.	TRANSPORT INFORMATION								
	General Information	Not dangerous for conveyance under UN, IMO, ADR/RID and IATA/ICAO codes.							
15.	REGULATORY INFORMATION								
	Not Applicable.								
16.	OTHER INFORMATION								
	The above information is based on data of which we are aware and is believed to be correct as of the date hereof. Since the information contained herein may be applied under conditions beyond our control and with which we may be unfamiliar and since data made available subsequent to the date hereof may sugge modifications of the information, we do not assume any responsibility for the results of its use. This information is furnished upon the condition that the person receiving it shall make his own determination the suitability of the material for his particular purpose.
